This is a new contract. Please review all documents before placing an order.

This is a multiple award contract. Please review the following contracts for optimal pricing, delivery, and service before making your purchasing decision: **MA106 (KJM Associates)** and **MA108 (FileNet)**. Documentation of your purchasing decision should be kept for each transaction.

This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor creating a DO (delivery order) in FINET. Agencies will return to the vendor any invoice which reflects incorrect pricing.

**Scope of Contract**

This contract is for the resale of EMC Documentum's suite of document management software and maintenance. Consulting, professional, and training services are not allowed under this contract and must be sourced by the customer independent of this contract. Also no other third party software products are authorized under this contract.

Ordering and Pricing

Products may be obtained by contacting DocuSoft America.

Software pricing is 100% of GSA contract #GS-35F0780M, which is 50% off of list price. Maintenance pricing is 18% of the then current license cost. Maintenance charge includes unlimited telephone support and free software release updates.
